- Databases: PostgreSQL, MySQL
- Version Control: Git, GitHub, Bitbucket, Sourcetree
- Testing & API Tools: RSpec, Postman
- DevOps & Cloud: Docker, AWS (logging and monitoring)
- Monitoring & Error Tracking: BugSnag
- Collaboration Tools: Slack, Asana, Jira, Trello
- WebSocket Technologies & IDEs: Action Cable, Faye, RubyMine, Visual Studio Code

PROFESSIONAL EXPERIENCE

Web Developer, Mallow Technologies Pvt. Ltd

May 2023 – May 2024 | Karur, Tamil Nadu

- Developed and deployed scalable web applications using Ruby on Rails and ReactJS, improving user engagement by 15%. Increased application stability and reduced error rates by 30% through proactive monitoring with BugSnag.
- Integrated RESTful APIs and implemented real-time features using WebSockets (Action Cable, Faye) to enhance user interactivity. Maintained version control and streamlined team collaboration using Git and Bitbucket.
- Reduced page load time by 25% through frontend performance optimizations, resulting in a smoother user experience.

Developer Trainee, Mallow Technologies Pvt. Ltd

Nov 2022 – Apr 2023 | Karur, Tamil Nadu

- Developed a real-time chat application using WebSockets to enable seamless user communication.
- Optimized database queries, improving response time by 1.3ms. Collaborated with senior developers on full-stack feature delivery.

Civil Engineer (Self-employed)

Jul 2019 – May 2022 | Karur, Tamil Nadu

PROJECTS

Senior Living Management System

- Led the development of real-time updates using WebSockets, enabling instant data synchronization across user dashboards for improved responsiveness.
- Integrated BugSnag for comprehensive error monitoring and proactive issue resolution, reducing downtime and improving app reliability.
- Optimized complex database queries and redesigned core logic, boosting overall system performance by 40%.
- Developed and implemented digital signage integration, enhancing user engagement and information accessibility.
- Live URLs: continyoucare.com (public) | intelligotek.com (login required)

Frontend Projects (Cispro Institute)

- Real-Time Taxi Booking App – Designed an interactive UI with live map integration for trip booking and driver tracking using HTML, CSS, JavaScript, and Bootstrap.
- Food Ordering Platform – Developed a responsive web interface for browsing restaurants, managing cart items, and placing online orders with smooth user experience.
- Personal Portfolio Website – Built a fully responsive and SEO-optimized portfolio to showcase projects and skills, following modern frontend best practices.

EDUCATION

B.E. in Civil Engineering

Tamilnadu College of Engineering, Coimbatore – April 2019

CERTIFICATIONS

Frontend Developer – Cispro Institute, Coimbatore (2025)

- Gained hands-on experience building real-world applications using HTML, CSS, JavaScript, and Bootstrap.
- Strengthened frontend skills including responsive design, UI development, and browser compatibility.

Full Stack Developer – Livewire Institute, Karur (2022)

- Developed a course management system using Django and MySQL, implementing student enrollment, attendance tracking, and admin dashboards.
